City Engineer Bolling and City Russell County Man Gets Con-Auditor Crenshaw Speak for Enlarged Lines.

Judge A. A. Campbell, of Wytheille, was appointed by Governor Mann yesterday to sit in the Henrico Circuit Court for the hearing of the annexation proceedings, both as affecting Henrico and Chesterfield Countles. The city of Richmond will be represented by City Attorney H. R. Pollard. The counties, in addition to their Commonwealth attorneys, have retained Richard Evelyn Byrd and H. M. Smith,

Ir., to fight the annexation.

Judge Campbell is a brother-in-law of Governor-Elect Henry C. Stuart. He was appointed by Governor Mann to preside over the Twenty-first Judicial Circuit following the murder of Judge Thornton L. Massie at Hillsville, in 1912, and was recently re-elected by the General Assembly for a new term. He makes his home at Wytheville, his circuit including the counties of Wythe Carrell Pulseki and Carses Wythe, Carroll, Pulaski and Grayson. Judge Campbell was a visitor in Richmond yesterday, and accepted the ap-pointment. He will remain here over the inauguration of Governor Stuart and arrange for the annexation hear-

Bolling Favors Annexation. City Engineer Charles E. Bolling, of Richmond, gave the Committee on Counties, Cities and Towns of the House of Delegates yesterday afternoon convincing reasons why the general House of Delegates yesterday afternoon convincing reasons why the general annexation of territory to Richmond is urgently needed. The committee has under consideration the Gunn bill, which amends the general annexation law by specifying that not more than 25 per cent of the taxable values of any county may be annexed to a city at one time, and that there shall be no further annexation for five years.

at one time, and that there shall be no further annexation for five years.

Mr. Bolling had maps giving the proposed lines, showing that in most cases the lines had been drawn 150 feet back of permanent roads, that certain sections had been included to afford proper drainage and control water sheds, that most of the area was already subdivided into building lots, without much regard to a continuous plan for the city as a whole, and that there would be an enormous saving in immediate steps to secure the proper location of streets and alleys, and the adoption of grades in advance of further building operations.

Has Kept Good Faith.

City Auditor Crenshaw presented figures to show that Richmond had not only kept good faith with the territory annexed in 1996, by expending in the proposed lines, showing that in most case will health. Has Kept Good Falth.

City Auditor Crenshaw presented figures to show that Richmond had not only kept good faith with the territory annexed in 1996, by expending in improvements therein \$426,000, or 12 per cent of the assessed valuation, but had in addition expended \$942,000 for had in addition expended \$942,000 for three years on the roads to one year, the trial judge and the Commonwealth's attorney. Harris claimed that the killing was unintentional.

The Governor commuted the sentence of Robert Davis Smith, convicted in Campbell County of assault, from three years on the roads to one year. Mallory, who was a trust officer of Jefferson Council, Junior Order of United American Mechanics, did not deny in his petition for clemency that he misappropriated the funds of the order. He did, however, insist that he did not misuse this money with the intention of stealing it, but was led by financial troubles to borrow it temporarily, as he thought, to apply to his own business. He bears a good reputation, and is married. His case aroused the sympathy of all who attended the trial.

At the same time the Governor granted a conditional pardon to David Muncy, a well-known citizen of Russell County, who was sentenced to pay a fine of \$100 and serve thirty days in jail for selling a patent medicine containing a higher percentage of alcohol than the law allows. Muney was
